

May 30, 1980

Mr. Raoul Ilaw  
U.S. Department of Labor-OSHA  
1515 Broadway  
New York, New York 10036

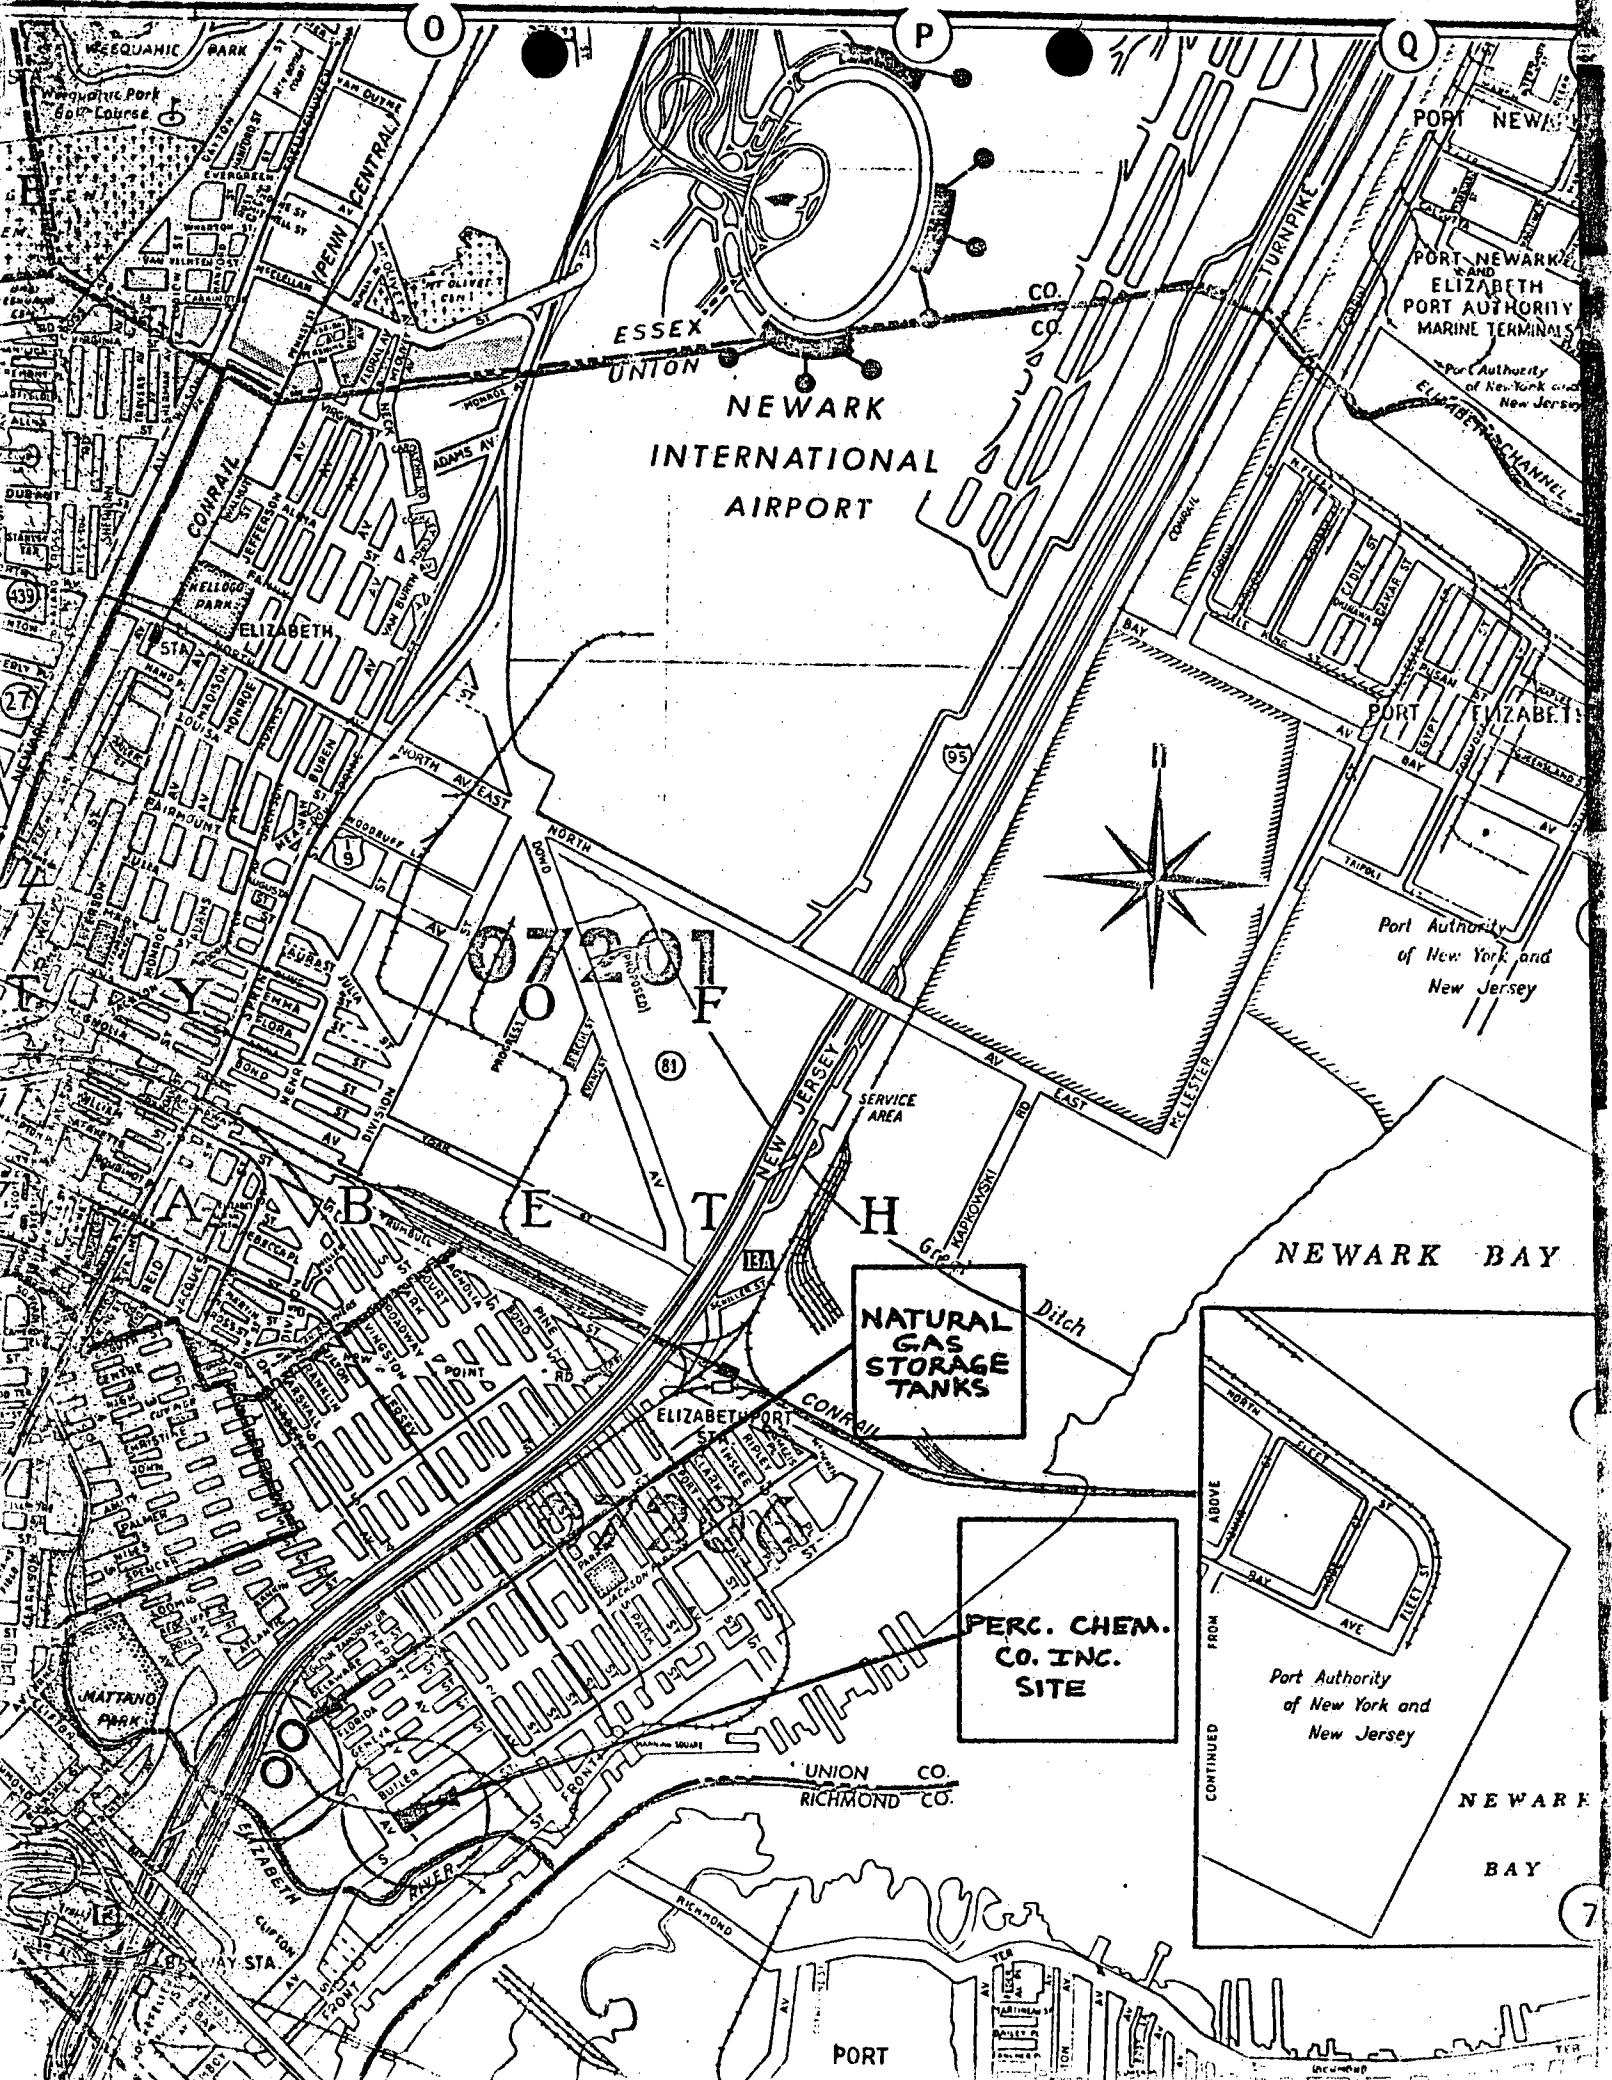

Dear Mr. Ilaw:

Re: Perk Chemical Co.  
217 First Street  
Elizabeth, New Jersey

On April 24, 1980 you informed me upon my phone inquiry that Perk Chemical is being tested "right now" and that its operation seem safe from OSHA's point of view. However, to date we have not received any written reply, except the confirmation of our inquiry, dated February 22, 1980 and numbered: Complaint Log No. 1295. A copy of this letter is also enclosed.

Sincerely yours,

*George B. Radan*
